Career Objective

Motivated **Full-Stack developer (MERN Stack)** aiming to start a professional career in the tech industry. I want to apply my skills in building efficient and user-friendly web applications and grow through continuous learning.

Skills

Frontend: HTML, CSS, Tailwind CSS, JavaScript, React.js

Backend: Node.js, Express.js, REST API, MongoDB

Tools & Technologies: Git, GitHub, Firebase, Figma, Vercel, Netlify, VS Code

Projects

1) **Freelance Market Place** - A Full-Stack project.

- GitHub: [Client](#) & [Server](#)
- Live Link: [View Project](#)

Key Features

- **Dynamic Job Management:** Add, update, delete jobs with title, category, summary, cover image, and posting user info stored in MongoDB
- **Top Categories & Latest Jobs:** Home page displays latest 6 jobs and interactive top categories like Development and Design
- **User Authentication & Authorization:** Email/password login, registration, and Google login; private routes for secure access
- **Job Acceptance Workflow:** Accept jobs posted by others, track in /my-accepted-tasks, mark as Done or Cancel with real-time updates
- **Responsive, Interactive UI:** Fully mobile, tablet, and desktop responsive with Framer Motion animations, dark/light mode toggle, and toast notifications

Technologies

- **Frontend:** React, React Router, Tailwind CSS, Framer Motion
- **Backend & Database:** Node.js, Express.js, MongoDB (MERN Stack)
- **Authentication:** Firebase (Email/Password & Google login)
- **Other Packages:** React Toastify, React Icons

2) Gamehub - A Game Library – A React Frontend + Firebase Backend (BaaS) project.

- GitHub: [Client](#)
- Live Link: [View Project](#)

Key Features

- Google Sign-in and Sign-up for quick and secure access
- Verified games available for download
- Real user ratings for every game
- Fully responsive design for mobile, tablet, and desktop devices
- Newsletter subscription to stay updated on new games
- Built React frontend reducing load time by 40%

Technologies : React, React Router, Tailwind CSS, Firebase, React Icons, Framer Motion

Training

Complete Web Development

Programming-Hero

Jun 2025 – Dec 2025

- The training was not only coding but also showing industry standard coding structures and cultures.
- Got the chance to explore HTML 5, CSS 3, Javascript, React, MongoDB, Firebase, Tailwind, NodeJS, (Little) Next.js, Some AI Tools etc

Education

Diploma in Engineering (CSE), 4th Semester

TMSS Textile Engineering Institute

Duration: 2023-2027

Languages

- Bangla – Advance Level (Native)
- English - (Intermediate)
- Hindi – (Speaking Intermediate) (Advance Listening)
